- 100% of participants reported the way the course was run was *very good to great*
- 88% of participants who completed evaluations reported the handouts were very useful

Qualitative feedback

Has the training program covered what you expected? If partly or no, why?

- I would like something about female worker – male client dynamics and how this is played out in using the tools

What topic/issue has been the most important for you?

- Generativity – understanding – will help guide my assessment and work I do with men. Helping clients to find purpose and meaning outside their lives * 5
- Use of paper to create externalised discussions
- The ways to engage the perpetrators of DV

What topic/ issue has been the least important for you?

- N/A * 3
- Child focused – many of the homeless clients do not have children or any contact with them.
- Nil
- Too much time on generativity although I did find it interesting

What impact will this training have on your work?

- Felt this was just the tip of the iceberg, opening up a can of worms
- I will use aspects of this training when applicable
- Better forms of group discussion; much better usage
- Very useful tools – applicable to my work
- Affirms strengths based work and generativity
- Will move the focus back onto the children's experience

Any other comments about the training course

- Could be over 2 days and explore the concept of generativity more and more examination of tools
- Thank you so much
- Excellent, left me wanting more
- It was great, learnt heaps. I liked how interactive it was
